

**PRODUCT PURPOSE**

**MEDICATED: A complete feed for pigs weighing 35-100 pounds.**

For the treatment of swine dysentery and the control of porcine proliferative enteropathy (ileitis) caused by *Lawsonia intracellularis*.

**DESCRIPTION**

Surge is a Grower feed designed to get you show pig off to a rapid start. It is a great “receiving” ration and developer. High palatability ensures your project will take right to it and perform at high levels.

**FEEDING DIRECTIONS**

Feed as sole ration from 40 to 140 pounds. Can feed to show or market weight if desired.

**CAUTION:** Occasionally, swine fed Lincomycin may, within the first 2 days after the onset of treatment, develop diarrhea and/or swelling of the anus. On rare occasions, some pigs may show reddening of the skin and irritable behavior. These conditions have been self-correcting within 5-8 days without discontinuing the Lincomycin treatment. The effects of lincomycin on swine reproductive performance, pregnancy and lactation have not been determined.

Not for use in swine intended for breeding when lincomycin is fed at 20 grams per ton of complete feed. Do not allow rabbits, hamsters, guinea pigs, horses or ruminants access to feeds containing Lincomycin. Ingestion by these species may result in severe gastrointestinal effects. Not to be fed to swine that weigh more than 250 lb.

**LIMITATIONS FOR USE**

Feed as the sole ration for 3 weeks or until signs of disease (watery, mucoid or bloody stools) disappear.

**CAUTION:** Follow label directions. The addition to feed of higher levels of this product containing selenium is not permitted.

\*One unit of phytase activity (FTU) is defined as the quantity of enzyme which liberates 1 micro-mole of inorganic phosphorus per minute.

**FEED INGREDIENTS**

Grain Products, Plant Protein Products, Processed Grain By-Products, Animal Protein Products, Animal Fat, Calcium Carbonate, Egg Product, Dicalcium Phosphate, L-Lysine, Sodium Chloride, Monocalcium Phosphate, DL-Methionine, Hydrated Sodium Calcium Aluminosilicate, L-Threonine, Potassium Chloride, Ferrous Sulfate, Magnesium-Mica, Magnesium Oxide, Copper Sulfate, Roughage Products, Vitamin E Supplement, Mineral Oil, Zinc Sulfate, Diatomaceous Earth (flow agent), Calcium Pantothenate, Sodium Selenite, Manganese Sulfate, Zinc Oxide, Selenium Yeast, Dried Aspergillus Oryzae Fermentation Product, Strawberry Flavor, Saccharin Sodium, Betaine (hydrochloride), L-Tryptophan, Zinc Amino Acid Chelate, Niacin Supplement, Dried Schizosaccharomyces Pombe Fermentation Product, L-Carnitine, Chromium Propionate, Copper Chloride, Choline Chloride, Menadione Nicotinamide Bisulfite, Essential Oils, Hemicellulose Extract, Riboflavin Supplement, Manganese Amino Acid Chelate, Copper Amino Acid Chelate, Cobalt Carbonate, Lactic Acid, Hemicellulose Extract, Riboflavin Supplement, Manganese Amino Acid Chelate, Copper Amino Acid Chelate, Cobalt Carbonate, Lactic Acid, Vitamin A Supplement, Vitamin B12 Supplement, Silicon Dioxide, Folic Acid, Vitamin D3 Supplement, Pyridoxine Hydrochloride, Potassium Iodide, Biotin, Dried Bifidobacterium longum Fermentation Product, Dried Bifidobacterium thermophilum Fermentation Product, Dried Enterococcus Faecium Fermentation Product, Dried Lactobacillus Acidophilus Fermentation Product.

**ACTIVE DRUG INGREDIENT**

Lincomycin.....100 g/ton

**GUARANTEED ANALYSIS**

Crude Protein, min.....18.70%  
 Lysine, min.....1.30%  
 Crude Fat, min.....4.80%  
 Crude Fiber, max.....2.60%  
 Calcium (Ca), min.....0.50%  
 Calcium (Ca), max.....1.00%  
 Phosphorus (P), min.....0.50%  
 Salt (NaCl), min.....0.30%  
 Salt (NaCl), max.....0.80%  
 Selenium (Se), min.....0.29ppm  
 Zinc (ZN), min.....126 ppm  
 Phytase, min.....100 FTU/l
