

# FRONTIER EZ GRAZE WHEAT PASTURE MINERAL R-1200 MEDICATED

## *For Cattle On Pasture*

For increased rate of gain in growing cattle on pasture or in dry lot (stocker, and feeder; dairy and beef replacement heifers).

### FEEDING DIRECTIONS

Feed at the rate of 4.0 ounces per head per day, in not less than 1.0 lb. of feed, to provide 150mg of Monensin. During the first 5 days of feeding, feed 2.67 ounces per head daily contained in not less than 1.0 pound of feed to provide 100 mg of Monensin.

**CAUTION:** Do not allow horses or other equines access to feed containing Monensin. Ingestion of Monensin by equines has been fatal. Monensin-medicated cattle feed is safe for use in cattle only. Consumption by unapproved species may result in toxic reactions. Do not feed undiluted. Feeding undiluted or mixing errors resulting in high concentrations of Monensin has been fatal to cattle. Do not exceed the levels of Monensin recommended in the feeding directions, as reduced average daily gains may result. If feed refusals containing Monensin are fed to other groups of cattle, the concentration of Monensin in the refusals and amount of refusals fed should be taken into consideration to prevent Monensin overdosing.

**WARNING:** A withdrawal time has not been established for pre-ruminating calves. Do not use in calves to be processed for veal.

### LIST OF INGREDIENTS

Calcium Carbonate, Salt, Magnesium Oxide, Processed Hrain By-Products, Mono-Dicalcium Phosphate, Molasses Products, Magnesium Mica, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Red Iron Oxide, Copper Sulfate, Zinc Oxide, Manganous Oxide, Zinc Sulfate, Manganese Sulfate, Sodium Selenite, Ethylenediamine Dihydriodide, Ferrous Carbonate, Cobalt Carbonate, Mineral Oil

### ACTIVE INGREDIENT

Monensin (as monensin sodium) 1,200 grams/ton

### GUARANTEED ANALYSIS

Calcium, min	14.0 %
Calcium, max	16.8 %
Phosphorus, min	2.0 %
Salt, min	16.5 %
Salt, max	19.8 %
Magnesium, min	8.0 %
Potassium, min	0.25 %
Copper, min	1,500 ppm
Iodine, min	140 ppm
Selenium, min	26 ppm
Zinc, min,	4,000 ppm
Vitamin A, min	50,000 IU/lb.
Vitamin D3, min	5,000 IU/lb.
Vitamin E, min	50 IU/lb.
