

FRONTIER SOW GESTATION

Meal Form

For Gilts, Sows, and Adult Boars

FEEDING DIRECTIONS

Limit feed to gestating sows and gilts depending on condition and weather conditions. Normal intake 3.5-4.5 lbs per head daily. If group fed, ensure all animals are able to consume their daily requirements. Consult your supplier for further feeding directions.

CAUTION: This feed contains added copper, do not feed to sheep.

CAUTION: Do not use in association with another feed containing supplemental selenium.
